ACTIVITIES REPORT

ACADEMIC YEAR 2019 -2020

International Yoga Day 2019

Yoga is an ancient physical, mental, and spiritual practice that is said to have originated in India. The word “Yoga” derived from Sanskrit root ‘Yuj’, meaning ‘to join’ or ‘to yoke’ or ‘to unite’ symbolizing the union of the body and consciousness. Historical evidences suggest that Yoga has its origins from the Indus Valley Civilisation. It is believed to have been in practice since age immemorial and it has been mentioned in several ancient sacred Indian scriptures. According to popular belief, a Sage named Patanjali, is the Father of Yoga. It is said that Yoga’s incorporation of meditation and breathing, can help improve a person’s mental wellbeing. In the words of renowned Pulmonologist, Dr. Nevins Kishore: “Yoga increases the body awareness, relieves chronic stress pattern, relaxes the mind; centres attention and sharpens the concentration “.
