Due to an immense increase in the number of vehicles that zoom across the roads in Telangana, the roads of Telangana have recorded a large number of deaths due to road accidents. In its effort to create awareness about traffic safety, Community Policing, the Hyderabad Traffic Police conducted a seminar on Traffic Awareness at RBVRRWCP on 23rd December, 2022.

It was a wonderful experience for the students of RBVRRWCP as they were attuned with the Traffic Rules to be followed. Awareness session was taken by the Traffic Training Institute ACP G. Shanker, Narayanguda PS Sub-inspector of Police Naga Rani & Sub-inspector Mohan Babu . Narayanguda PS Sub-inspector of Police Naga Rani addressed the young students, and explained about the need of awareness among the students and role they can play in reducing the number of accidents caused on roads. She also spoke about the Community Policing, which is all about providing security and help to the people at their door steps. She made it clear that people do not even need to go to the police station for reporting an incident. Their service to the community would be prompt and just a call away.

Later, Traffic Training Institute ACP G. Shankar, presented before the students the set of traffic rules that people to need to follow and maintain while driving. It was a highly interactive session during which the Students showed a high sense of awareness and also got the opportunity to learn many set of rules that are mandatory for driving.

RBVRRWCP thanked the Hyderabad traffic Police officials for organizing this Traffic Awareness Program.

In India, National Doctors' Day was first observed on the 01st of July 1991 in honour of Dr Bidhan Chandra Roy, to pay tribute to his contributions to the health domain. Dr B.C. Roy was a birthday-perisher, born on the 01st of July 1882 and died on the 01st of July 1962, a strange coincidence. On the 04th of February 1961, he received the highest Indian civilian award, "THE BHARAT RATNA". He gave his life to the people, treated many individuals, and inspired millions. The heroic efforts of medical staff (doctors and nurses) during the COVID-19 pandemic are indelible, though today, the world is free of coronavirus.

This year's theme for National Doctor's Day is "Celebrating Resilience and Healing Hands". On this day, RBVRRWCP has organized a talk by Dr. Rajendernath, Residence Officer, King koti , Hyderabad who spoke about their contributions to the society during various pandemic situations such as COVID-19, Plague, Flu, Ebola, and others to protect the general population. As part of this RBVRRWCP also conducted Elocution Competitions of the students. Winners were awarded with the Prizes.
